

INVITATION

INDIA
INTERNATIONAL
SCIENCE
FESTIVAL
2019

Indian Institute of Geomagnetism

Kalamboli Highway, New Panvel West,
Navi Mumbai- 410 218.

15-16 October, 2019

India International Science Festival (IISF) was initiated in 2015 which has been providing an encouraging platform to scientists, technocrats, students and teachers to exchange their knowledge and ideas to foster scientific and technological innovation in the country.

One of the effective means of inculcating these ideals is to allow access to teachers and students to great scientific institutions like Indian Institute of Geomagnetism and expose them to the latest research and discoveries that are being unveiled in these institutions.

It gives me immense pleasure to open up my labs and research groups to students and teachers, so that they can experience first-hand the excitement and adventure of scientific discoveries and technological innovations.

We will also be conducting quiz competition on themes related to scientific activity carried out at our institute. I hope it motivates the common people in general, and the students and teachers in particular, to appreciate and participate in taking our nation to the pinnacle of scientific arena.

I extend a very warm welcome to you all.

Wishing you all the very best.

D. S. Ramesh

Dr. D. S. Ramesh

Director

Program

15-16 OCTOBER, 2019

10:00 – 10:45	Documentary on IIG
10:45 – 11:30	Popular Lectures on Geomagnetism & Space Weather
11:30 – 12:15	Scientist – Student / Public Interaction session
12:15 – 13:00	Science Quiz
14:30 – 15:30	Poster Session
15:30 – 16:30	Lab tours
16:30 – 17:00	Prize distribution
